2. All the Deputy Director of Agriculture
3. All the Assistant Agriculture Engineer
In the State (Except Narnaul)

Memo no. 1111-1175 /JD(AE) Dated: -26/05/2026

Subject: - Inviting applications for providing crop residue management machines on 50% subsidy in CRM component of RKVY scheme during the year 2026-27.

On the subject it is to inform you that applications are invited on department portal agriharyana.gov.in for providing crop residue management machines on 50% subsidy in CRM component of RKVY scheme during the year 2026-27. The guidelines/instructions approved by the State Government for the implementation of the scheme are enclosed herewith. Manufacturers having their machines tested from GoI approved testing institutes are required to register on the department portal for mapping of their dealer network and transfer of stock. Already approved manufacturers during previous year 2025-26 and having valid test reports are not required to apply afresh.

Sr. No.	Activity	Date
1.	Last date of submitting online applications by farmers on department portal.	15.06.2026
2.	Last date of Selection of beneficiaries through Draw of lots by DLEC (in case applications are more than the allotted targets).	25.06.2026
3.	Last date of Approval by DDAs on department portal for issuance of purchase permissions/ Permit.	30.06.2026
4.	Last date of Downloading permits and purchase of machines by the farmers.	30.07.2026
5.	Last date for allocation of stock/inventory by the manufacturer to the dealers.	29.07.2026
6.	Last date of verification of Machines Stock allocated to dealers by District level Committee.	30.07.2026
7.	Last date of Uploading of bills and other documents on department portal by Dealer Manufacturers	05.08.2026

6.	Last date of Approval by Manufactures on department portal regarding sale details/bills uploaded by their dealers.	07.08.2026
7.	Single day Physical verification of the machines purchased by Farmers	
	Baler, Straw Rake, Rotary Slasher/Shrub Master	19.08.2026
	Super seeder	20.08.2026
	Other Machines	21.08.2026
8.	Last date of Subsidy verification on department portal by DDAs after approval of DLEC.	31.08.2026

You are hereby requested to create awareness through field functionaries, press notes, social media amongst all the stakeholders for effective implementation of the initiative.

CC:

1. PS to ACS, A&FW
2. PS to DG, A&FW
3. OSD to VC, CCS, HAU, Hisar
4. Dean, COAE&T, CCS, HAU, Hisar
5. AIO, for creating the publicity of the scheme by publishing advertisements in leading newspapers.
6. Supdt. (AE) for provision of funds.

Guidelines for providing CRM machines on 50% subsidy to the individual farmers under CRM component of RKVY Scheme during the year 2026-27.

1. Online applications are invited on department portal agriharyana.gov.in for providing all the agricultural machines on subsidy enlisted in GoI Scheme Guidelines and any other machines approved by State Government.
2. DDA/AEE will create wide publicity regarding the scheme by publishing press note in leading newspaper, social media, electronic media and through field functionaries.
3. Farmers registered on MFMB portal during the Kharif & Rabi season 2025-26 will be eligible irrespective of land ownership. In case of Red Entry in farm record during last two seasons for Crop residue burning, farmer and any of the member from same PPP id is not eligible for subsidy benefit under the scheme. A farmer can apply for only one machine and subsidy will be provided only on one machine if selected by DLEC. Farmer selected for purchase of Baler will be allowed to purchase the Straw Rake and Rotary slasher/Shrub Master.
4. The farmers can make online applications through MFMB registration (Only one application is admissible in each PPP id i.e. multiple applications are not allowed from same PPP id) and upload the requisite documents on portal as per details given below: -

Individual Farmers

- i. PAN Card
- ii. Valid RC of tractor registered in Haryana State in the name of applicant or a member of the same PPP Id (Only for tractor operated machine).
- iii. Patwari report for Small & Marginal Farmers
- iv. Self-declaration/ undertaking
 - a) By General Category Farmer

That benefits of subsidy on any type of machines has not been taken by applicant or any of the family members from same PPP id during the last 3 years under any of the subsidy schemes implemented by Agriculture & Farmers welfare Department, Haryana and pledge for not burning crop residue.

b) By SC Category Farmer

That benefits of subsidy on same machine have not been taken by applicant or any of the family members from same PPP id during the last 3 years under any of the subsidy schemes implemented by Agriculture & Farmers welfare Department, Haryana and pledge for not burning crop residue.

(3-year beneficiary details will be checked on portal).

After successful application on department portal receipt of the same along with application form containing all information/ documents can be downloaded from the portal by the applicant.

5. Seniority of the applications will be decided through online draw of lots by the DLEC under the chairmanship of Deputy Commissioner concerned in the presence of farmers.
6. As per allocated targets, selected farmers will submit the hard copy of the documents (uploaded on the portal) in concerned AAE office within 7 days, in case required by the office.
7. Applications/documents uploaded/submitted by farmers will be examined by Assistant Agriculture Engineer of district concerned. If farmer request to change details (i.e. Phone number, land details and Uploaded Documents RC, Pan Card, Undertaking) in submitted application on department portal same can be rectified/uploaded by the AAE through their login.
8. As per allocation of targets and verification of document, AAE will forward the application through their login to concerned DDA for approval of DLEC. District wise and machine wise Targets of machines

will be fixed by Directorate based on the machine wise applications received from the farmers on department portal.

9. After approval of DLEC, DDA will approve the applications strictly as per allocated targets through their login and online subsidy eligibility certificate will be issued automatically to eligible farmers to complete the purchase within the time given, otherwise opportunity will be given to the next eligible farmer in waiting list by concerned DDA.
10. The farmer will choose the manufacturer/dealer of his/her choice from the lists available on department portal, which is approved by Farm Machinery testing Centre, College of Agricultural Engineering, CCS HAU, Hisar. Thereafter download the subsidy eligibility certificate and visit the manufacturer/dealer of their choice for purchase.
11. Farmer can change choice of dealer/manufacturer along with variant of machine till the purchase and uploading of bills. There after no change will be allowed in any case. After negotiations farmer will purchase the machine by making payment through online mode/bank/cheque to concerned dealer with his/her own bank account. Cash payment is not allowed.
12. After purchase, dealer will upload the bill, E-way bill and location-based photograph on department portal after authentication through OTP received on concerned farmer mobile no.
13. The manufacturer will verify the details uploaded by their dealer regarding the purchase of machines and in case of any mistake, manufacturer will send back the same to their dealer for correction with 3 days.
14. In case of any mistake regarding uploaded bills on portal the DDA/AAE can amend (only one time correction /amendments will be allowed till physical verification) the same on the written request of farmer concerned. The typing mistake i.e. laser cutting code, bill details, and wrong variant selection while uploading bill on portal can only be corrected.
15. After approval of manufacturer, the committee (having one of the members from GST department) constituted by DLEC will physically

verify the machines by taking location-based photograph. After verification AAE will upload the physical verification report signed by committee and location-based photograph on department portal and forward the same to DDA for approval of Chairman DLEC. At least 10% machines should be verified personally by Deputy Director of Agriculture on random basis to ensure transparency.

16. Machine wise Physical verification will be conducted throughout the State using mobile app at block level as per schedule given by Directorate. Particular day will be fixed for each type of machine. All the physical record/documents (at the time of application, approval, bill uploading and physical verification) will also be kept in record.
17. After approval of DLEC, the subsidy will be disbursed in concerned farmer account by the PMU/IT cell of the department through Secure Funds transfer mode (SFTP) on E-Sparsh from HQ, based on the approval of the DLEC (verification on portal by DDA after approval of DLEC) on portal. The Payment Status will be updated on department portal by PMU/IT cell for information of all the concerned. Subsidy will be deposited in bank account of farmers registered on MFMB portal. Farmer will ensure that registered account is DBT enabled, Aadhar linked and having proper DBT limit to receive subsidy.
18. Subsidy will be admissible to farmers only where online process has been completed on department portal.
19. Manufacturers having their machines tested from approved testing centres by GoI and having valid test reports are required to register on department portal by uploading test report. Manufacturers approved by department during previous year 2025-26 will stand approved during the current year 2026-27 subject to validity of test report, and they are not required to apply afresh. As per information submitted by the manufacturer the test report and other details will be verified and approved/reject by Farm Machinery testing Centre, College of Agricultural Engineering, CCS HAU, Hisar on portal through their login. After approval on portal list of the same will be displayed on the department portal for information of the farmers. In case of wrong

information given by manufacturer regarding test report strict action will be taken against the manufacturer i.e. debarment for minimum 2 years.

20. The manufacturer will register their dealer network on the portal and transfer the stock by uploading E-way bill and issuing laser cutting serial no. of machines. The stock allocated by Manufacturer to dealer on portal will be visible to field officers at District level in their login. The allocated stock on portal will be checked physically by the district level Executive committee by visiting dealer premises. After successful physical verification approval of DLEC, the allocated machine can be sold to farmers. The manufacturer can transfer the verified stock (already allocated to dealer and verified by District level officers) of machines to other dealer as per their requirement and no further verification by District Level Committee will be required.
21. Manufactures should be responsible for Warranty/Guarantee and after sale service of the Implements/machines so that Farmers should not face any problem in case of the discontinuation of concern dealer. The manufacturer will provide one year warranty on machines costing less than Rs. 2 Lacs and two years warranty on machines costing above Rs. 2 lacs besides providing at least 5 years after sale support and spare parts support in written on bill of the machine. Details of machines supplied by manufacturer is to be informed to the district level executive committee with serial no. of machines.
22. The manufacturer will follow instructions issued by GoI regarding laser cutting for marking state code, manufacturer code, year of manufacturing, name of machine & serial no. on main frame/chassis of the machine irrespective of their cost (external welded plate is not permitted and liable to be rejected). As per Govt. of India instructions all the self-propelled machines if any required to be installed with GPS tracking system.
23. The manufacturer will ensure the display of MRP on the machines, dealership and websites as per GoI norms. The farmer is advised to purchase the machines from manufacturer or dealer of their choice

after negotiations to his satisfaction. The department will provide subsidy @ 50% of the sale value or upper limit of subsidy approved by State Government (copy enclosed) whichever is less, without any co-relation with MRP shown by the manufacturer or dealer.

24. Non-Compliance of any of the instructions issued by the department on the part of Manufacturer and Dealer strict action will be taken against the Manufacturer.
25. In case machine supplied by manufacturer/dealer to the farmers is not as per instructions and rejected by the district level committee then concerned manufacturer/dealer are liable to provide eligible subsidy to the farmer concerned in following cases.
 - A. Mismatch or Discrepancy of laser cutting code on machine in comparison with purchase bill issued by manufacturer.
 - B. Any type of mistake on the part of manufacturer/dealer for non-completion of online process on department portal.
26. If required, DLEC may send the proposal to directorate for change of targets of machines. The instruction issued by Govt. of India and Commission on Air quality Management from time to time will be followed.
27. The pattern of assistance and Maximum Permissible subsidy for the farmers for purchase of CRM machines on Individual ownership basis is 50% of the cost of machine or Upper limit given in the table whichever is less. The upper limit of the subsidy is as under:-

Sr. No	Name of machine/equipment	Maximum Permissible subsidy per Machine/ Equipment per beneficiary inclusive GST, (Rs)
1	Super Straw Management System (Super SMS) to be attached with Combine Harvester	56000
2	(i) Happy Seeder	
	a) 09 tine	78000
	b) 10 tine	81000
	c) 11 tine	83000
	d) 12 tine	87000

	(ii) Smart Seeder	
	a) 10 tine	83000
	b) 11 tine	87000
3	Paddy Straw Chopper/Shredder/ Mulcher	
	a) Mounted type (Straw Chopper & Mulcher)	
	i) 5 ft	72500
	ii) 6ft	84000
	iii) 7ft	88000
	iv) 8ft	95700
	b) Paddy Straw Chopper (Trailed Type)	147100
4	Shrub Master/Rotary Slasher	27500
5	Hydraulic Reversible M.B. Plough	
	a) Two Bottom	70500
	b) Three Bottom	91500
	c) Four Bottom	125400
6	(a) Zero Till Seed cum Fertilizer Drill	
	(b) Spatial Zero Till Drill	
	(i) 9 tine	24800
	(ii) 11 tine	28200
	(iii) 13 tine	30800
	(iv) 15 tine	33000
7	Super Seeder	120000
8	Surface Seeder	40000
9	(a) Baling Machines	
	(i) Balers (Round-Mini-up to 16 kg per bale)	220000
	(ii) Balers (Round-Medium-above 16-25 kg per bale)	239500
	(iii) Balers (Round-big-180-200 kg per bale)	990000
	(iv) Baler (Rectangular 18-20 kg per bale)	660000
	(b) Straw Rake	
	i) Big rake (Powered by PTO through Gearbox and having minimum 9 Arms)	165000
10	Crop Reaper	
	a) Tractor mounted	37500
	b) Self-Propelled	72500
	(i) Self-Propelled reaper cum Binder (3 wheel)	180000
	(ii) Self Propelled reaper cum Binder (4 wheel)	200000
11	Tractor Mounted Loader (Without Tractor)	305000
12	Tractor Drawn Tedder Machine	250000
