Subject: Scheme for Providing Employment Opportunities by Establishing Piggery, Sheep and Goat units (General) for the FY 2026-27.

This scheme is proposed to be implemented in the State during the year 2026-27. The scheme in principle has already been approved by the Government in the State Revenue Budget for the year 2026-27 with budgetary provision of Rs. 50.00 lakh. It is a non-staff scheme and will be implemented with the help of the existing staff.

1. Brief Background:-

- Haryana has a prominent place in the livestock map of the country. The animal husbandry activities in the State play a pivotal role in the rural economy through a variety of contributions in the form of income generation, draft power, socio-economic up-liftment, employment avenues and better nutrition to human population through livestock products like milk, eggs & meat etc.
- In spite of being one of the smallest States of India (only 1.3% of total geographical area), Haryana possesses 2.1% of the bovine population of the country and the annual milk production of Haryana for the year 2024-25 is 125.93 Lakh tonnes which is more than 5.08 % of the nation's total milk production.
- Livestock sector in Haryana contributes about 46.34 percent to the agricultural GDP of the State and 7.15 percent of the total GDP of the State. It is also a major source of round the year employment and livelihood to small farmers and marginal farmers especially the women.
- There is vast potential of self-employment generation in this sector. The establishment of dairy units can generate substantial employment (direct or indirect). There is well-knit infrastructure of veterinary institutions throughout Haryana catering to the needs of the livestock owners for providing breeding, health and related services in the State. Further vicinity of Tricity and National Capital Region having ample marketing opportunities makes animal husbandry activities an attractive option for self-employment to the unemployed in the State.

2. Justification for the Scheme:-

There are 1.07 lac pigs, 2.87 lac sheep and 3.35 lac goat in the State as per the livestock census, 2019. Haryana State has a vast potential of self-employment generation in the animal husbandry sector. The establishment of piggery, Sheep and Goat units can generate substantial employment and also increase in production of livestock products such as pork, mutton, chevron and wool.

3. Brief of Achievement during last three years :-

Year	2023-24	2024-25	2025-26 (till Feb, 2026)
(10+1) piggery Unit	14	12	13
(15+1) Sheep/Goat Unit	205	93	105
MMAPUY			
(10+1) piggery Unit	17	1	0
(15+1) Sheep/Goat Unit	296	10	0
Total	532	116	118

4. Long term objectives :-

- Creation of employment opportunities through Animal Husbandry activities.
- Increase in wool/meat/pork production of the state.
- Up gradation and conservation of valuable breeds / germplasm available in the State.

5. Medium term objectives :-

- To provide self-employment to the unemployed.
- To provide socio- economic security to weaker sections / Antyodaya Families of the society.
